Weather Update (National Weather Service)

Impacts

- **Gusty** southwest winds on Monday and Tuesday and will lead to more widespread critical fire weather conditions across the mountains and foothills in the northern half of **California**.
- Hot temperatures will linger Monday across the southern half of the state on Monday, but otherwise a cooling trend is expected for the beginning of the week.
- Isolated to widely scattered showers and thunderstorms will be possible across southern California through much of the upcoming work week.
 - Locally heavy rainfall is possible **each day** under the **stronger** storms, **but the most likely timeframe for more widespread heavy rainfall and flash flooding will be Tuesday**.
 - Otherwise, no precipitation is expected across the northern two thirds of the state through the next week.
- Wildfire smoke will remain across portions of northern and central California, bringing reduced visibility and air quality at times.

Watches/Warnings/Advisories

- Updates to Watches, Warnings and Advisories can be found at <https://www.wrh.noaa.gov/hazardSummary/?state=ca>.
- Northern California:
 - **Red Flag Warning**
 - Monday afternoon through Tuesday evening for the Surprise Valley, the Tahoe Basin, and much of the **northern and central** Sierra.
 - **Monday** afternoon and evening for Modoc County except for the Surprise Valley.
 - **Fire Weather Watch**
 - Monday afternoon through Tuesday evening for the Surprise Valley, the Tahoe Basin, the northern Sierra and much of the central Sierra.
 - **Excessive Heat Warning** Through Monday evening for the Indian Wells Valley and the Kern County desert.
- Southern California:
 - **Excessive Heat Warning**
 - **Through Monday evening for the** Antelope Valleys.
 - Through Monday evening for the Mojave Desert, including the Mojave National Preserve and Death Valley National Park.
 - **Heat Advisory** through **Monday** evening for the Cuyama Valleys, the interior valleys of San Luis Obispo County, and the mountains of San Luis Obispo, **and** Santa Barbara.
 - **Flash Flood Watch**
 - **Tuesday morning through Tuesday night for the Apple, Lucerne, and Coachella Valleys, much of southern San Bernardino County, the mountains and deserts of San Diego and Riverside counties, and all of Imperial County.**
 - **Tuesday morning through early Thursday morning for the Upper Colorado River Valley in San Bernardino County.**

State Operations Center

2021 August Wildfires

Report Date:**8/30/2021****Report Time:****0730**

<u>Valley (Mon-Mon Night)</u>	<u>Foothills/Mountains (Mon-Mon Night)</u>
Temps: Lows: 50-70°F; Highs: 95-106°F inland, warmest in the San Joaquin Valley, with 70s and 80s closer to the water.	Temps: Lows: 40-65°F, with 40s on the higher peaks; Highs: 70-95°F, with 60s on the higher peaks.
Humidity: Night: 40-75% inland, with 75-95% near the coast; Day: 10-25% inland, with 25-50% near the coast.	Humidity: Night: 20-45%, with 50-80% along the northwest coast; Day: 5-20%, except 25-50% along the coast.
Winds: Light and terrain driven, generally 10 mph or less, except west 10-20 mph near the Delta.	Winds: West-southwest 10-20 mph with gusts 20-35 mph. Higher gusts possible on exposed ridgelines.
Precipitation: Dry	Precipitation: Dry
Southern California	
<u>Coast (Mon-Mon Night)</u>	<u>Inland (Mon-Mon Night)</u>
Temps: Lows: 50-65°F; Highs: 70-95°F	Temps: Lows: 65-85°F; Highs: 90-110°F, with 80s in the higher mountains.
Humidity: Night: 60-95%; Day: 25-55%	Humidity: Night: 20-50%; Day: 5-25%
Winds: Generally light and variable overnight, except west-southwest 5-15 mph possible in the afternoon.	Winds: West-southwest 5-15 mph. In some mountain locations and the Antelope Valley, west-southwest winds 10-20 mph with gusts 20-30 mph are possible.
Precipitation: Isolated showers and thunderstorms possible, especially in the mountains, Los Angeles County southward.	Precipitation: Isolated to widely scattered showers and thunderstorms possible.

Outlook for Tuesday through Saturday:

Cooler temperatures will prevail through much of the week. Dry conditions and gusty southwesterly winds will combine to create critical fire weather concerns early-to-mid week, especially in the mountains and foothills across the northern half of the state.

Lingering elevated to locally critical fire weather concerns are possible in the latter half of the week as well, with a chance that increased southwesterly winds continue.

Increased shower and thunderstorm activity is possible in Southern Region through much of the upcoming work week, especially over the deserts and mountains. While much of the tropical moisture associated with Tropical Storm Nora is expected to remain primarily Arizona, Locally heavy rainfall is possible each day under the stronger storms, and the most likely timeframe for more widespread heavy rainfall and flash flooding will be on Tuesday.

Red Cross

State Operations Center

2021 August Wildfires

Report Date:**8/30/2021****Report Time:****0730**

- Trained Red Cross volunteers are helping evacuees cope as they await news about whether they will have a home to return to. Volunteers are also replacing prescription medications, eyeglasses or critical medical equipment, like canes and wheelchairs, that were left behind in the rush to get to safety.
- Saturday night, the Red Cross and our partners cared for more than 400 Californians seeking refuge from wildfires in about 20 emergency shelters and campsites. Since June, we've provided more than 11,800 overnight stays for people in need.
- Many evacuees are choosing to stay in RVs or tents. Anyone who has been affected by the fires is welcome to stop by a shelter to get a hot meal, take a shower and access other support.
- Since the fires began, over 650 Red Cross disaster workers have supported relief efforts in person or virtually.
- About 300 disaster responders are still active across the state supporting the current relief operations.
- With the help of partners, the Red Cross has provided tens of thousands of meals and snacks and distributed over 2,300 relief items including comfort kits, fire kits, and other supplies to help people in need.
- Volunteers have already made more than 8,900 contacts providing emotional support, health services and spiritual care for people who've been evacuated.
- The Red Cross has provided financial assistance to more than 1,700 people who have experienced loss due to recent California Wildfires. Financial assistance allows people to make their own decisions and prioritize what their family needs most to start recovering. Funds can help families replace clothes or food, offset transportation costs, or support any other immediate need.

CA-ESF 13: Law Enforcement

California Department of Corrections and Rehabilitation (CDCR)

- NSTR

California Utilities Emergency Association (CUEA)

- PG&E Outages:
 - Plumas County – 1,200
 - El Dorado County – 5,800

California Energy Commission

- **CA Fuel Status:**
 - No significant supply issues reported by industry. Weekly fuels watch report posted on August 25, 2021.
(https://ww2.energy.ca.gov/almanac/petroleum_data/fuels_watch/index_cms.html).
 - There are no transportation fuel supply problems at this time nor are any anticipated over the next several days.
 - Chevron distribution terminal in West Sacramento reported a contaminated diesel tank. They are working to return the tank to service.
 - Chevron understands the importance of prioritizing diesel for emergency response and wants us (working in coordination with our partners) to let them know if there are any specific fuel vendors that are unable to fill their emergency fuel deliveries due to the contaminated diesel fuel tank. We are not aware of any requests or supply constraints at this time.
 - California Energy Commission (CEC) staff continue refinery outreach and coordination.
 - CEC staff supporting Caldor Fire advanced planning activities

State Operations Center

2021 August Wildfires

Report Date:

8/30/2021

Report Time:

0730

- **Natural Gas:**

- Concerning the El Paso Natural Gas (EPNG) pipeline Force Majeure and its effect on California, the CEC is monitoring the situation closely. EPNG's available delivery capacity is still higher than what the Ehrenburg receipt point can take away from the junction, so there is no impact on gas delivery volumes to California currently. Additionally, the amount of scheduled gas that will ultimately be consumed in California is still far under the total available capacity. Barring another unforeseen and/or widespread weather event like the February 2021 polar vortex, this current pipeline outage on Line 2000 in Arizona will not affect California gas supply.
- El Paso Natural Gas (EPNG)/SoCalGas Curtailment Watch update: Staff is closely monitoring conditions in Southern California and the impact of the Coolidge rupture on EPNG's southern mainline. That and other conditions on EPNG are leading to slightly lower deliveries at Ehrenberg than shippers are requesting (see graph below). We believe the curtailment watch issued by SoCalGas is aimed at alerting its Southern System shippers to pay close attention to their nominations and actual usage given higher temperatures expected over the weekend. Demand overall remains in the 2.5 Bcf range.
- California ISO status - Normal

CA-ESF 7: Resources

Department of General Services (DGS)

- [DGS to establish contract to provide meals three times a day for one thousand people to support multiple El Dorado County Shelters - Coordinating](#)
- DGS/Office of Fleet and Asset Management Travel Coordinator Representative to report to JFO full time, starting August 30, 2021 for a 30-day rotation to facilitate travel arrangements – Staff to be on site August 30, 2021.
- DGS procurement is working on:
 - Procuring resources to support California Conservation Corps and Department of Water Resources watershed efforts in Lake County/Cache Fire (Wattles, wood stakes, forklift, and sandbags) – Coordinating (Deliveries expected September 1, 2021)
 - DGS to procure sandbags, vehicles, and other needed materials for flood fighting purposes for Greenville. Efforts to begin in September – Coordinating (Deliveries expected September 1, 2021- September 20, 2021)
 - DGS/Real Estate Services Division to establish Memorandum Order of Understanding or zero purchase lease for vacant Plumas County Probation office (Quincy) and wrap services for foreseeable future. – Coordinating – Lease updates to follow by September 01, 2021.

Disaster Logistics

- NSTR

CA-ESF 8: Public Health and Medical

California Department of Public Health (CDPH)

- Medical and Health Coordination Center not currently activated for wildfires. CDPH Duty Officer Program and CDPH Programs are coordinating/supporting the event.

State Operations Center

2021 August Wildfires

Report Date:

8/30/2021

Report Time:

0730

- Dixie Fire in Plumas County: Seneca District Hospital is fully operational at this time and the Seneca District SNF is operational with residents and staff scheduled to return on Monday, August 30, 2021.
- Caldor Fire in El Dorado County: The fire reached the evacuation triggers for Barton Memorial Hospital and D/P SNF. El Dorado County Emergency Operation Center (EOC), EMSA, and RDMHS for Region IV fully evacuated Barton Memorial Hospital and Barton D/P SNF overnight on 8-29-21. The Hospital had 19 patients and the SNF had 36 residents that were evacuated. Barton Memorial Hospital is operational with impacts and open only for emergency cases. Barton D/P SNF is non-operational short term.
- Washington Fire in Tuolumne County: Adventist Health Sonora D/P SNF (Unit 7) and Adventist Health Sonora GACH and D/P SNF (Unit 6) have both repopulated and are operational. The Adventist Health Sonora GACH is operational.

CDPH Licensed Facilities Impacted by Fires (from Center for Healthcare Quality dashboard):

	General Acute Care Hospital	Skilled Nursing Facility	Federally Qualified Health Center	Intermediate Care Facilities	CDC
Operational	10	11* (-1)	2	3	1
Non-operational	0	1 (+1)	0	0	0
Status unknown	0	0	0	0	0
Total facilities being monitored	10	12	2	3	1

*Seneca District SNF is operational with residents and staff scheduled to return by noon on Monday, August 30, 2021.

Dixie Fire (Lassen County)

- Seneca District Hospital:
 - Seneca District SNF is operational with residents and staff scheduled to return by noon on Monday, August 30, 2021.
 - There are no issues or concerns due to fire activity.
 - The town of Chester is still operating on PG&E Generators with no issues noted.
 - Infrastructure is in the process of being repaired to return Chester to its normal PG&E power transmission source. Estimated time of repair is not known.

Washington Fire, Tuolumne County

- Adventist Health Sonora D/P SNF (Unit 7) (538 Ponderosa Drive): is operational and repopulated.
- Adventist Health Sonora D/P SNF/GACH (Unit 6) (179 S Fairview): is operational and repopulated.
- Adventist Health Sonora GACH (1000 Greenley Road) is operational.
- Avalon Care Center Sonora SNF (19929 Greenley) is operational.

EMSA

- EMSA is providing one ambulance taskforce that consist of:
 - Three Basic Life Support (BLS) Ambulances.
 - Two Advanced Life Support (ALS) Ambulance.
 - One strike team leader.
 - One trainee.
 - 1 Disaster Support Medical Support Unit.
- EMSA continues to provide Agency representatives on the ground in Lassen, Shasta, and El Dorado Counties to support local medical needs and patient transports.
- EMSA continues to coordinate ambulance resources for CAL FIRE to support the fire line:

Report Date:

8/30/2021

Report Time:

0730

- Seven single ambulance units supporting CAL FIRE operations / Dixie Fire.
 - Five single ambulances supporting CAL FIRE operations / Caldor Fire.
 - One single ambulance supporting CAL FIRE operations / Monument Fire.
- EMSA is providing CAL-MAT to provide medical care and COVID-19 testing at several CAL FIRE Base Camps, including:
 - Dixie Fire Base Camp and Shelter in Susanville.
 - Monument Fire Base Camp in Shasta.
 - Caldor Fire Base Camp in El Dorado.

CA-ESF 10: Hazardous Materials

Air Quality Index Map (airnow.gov) – California Environmental Protection Agency (Cal EPA) as of **August 30, 2021, at **0600 Hours**:**

- California Air Resources Board (CARB) continues to support affected air districts and air quality agencies. A total of 32 portable air monitors are currently deployed (a new monitor was deployed yesterday in the community of Covelo, in Mendocino county) throughout the state to support local air quality agencies and is visiting their equipment storage caches in Redding, Mariposa, Ukiah, Santa Barbara, and Fresno to manage inventories and resupply monitors and supplies.
- Based on yesterday's PM2.5 Air Quality Index (AQI) many communities in the following Northern California counties experienced air quality in the unhealthy to very unhealthy category: Lassen, Plumas, Sierra, Nevada, Placer, El Dorado, Amador, Alpine, Calaveras, Tuolumne, Mono and Siskiyou. Today's forecast predicts [similar](#) air quality in many of these locations with AQI only in the [unhealthy](#) range. [Placer, El Dorado, Alpine, Amador, Calaveras, Tuolumne, and Mono](#) counties are expected to have AQI in the [very unhealthy](#) category.
- The Sacramento Valley, Bay Area, Southern California, and foothill and mountain communities in the Sierra Nevada mountains are expected to receive [similar](#) air quality today as yesterday, with AQI predicted to be in the moderate to unhealthy for sensitive groups category. Air quality in parts of Fresno, Kern, Tulare, Inyo, San Bernardino, Riverside, Imperial, and San Diego counties are predicted to receive similar today with air quality in the unhealthy AQI category.

Declarations

- Field validation discussions with Operational Areas to determine timing and locations on-going.
- Continue to coordinate assessments with El Dorado County on Monday, August 30, 2021.
- On August 27, 2021, Cal OES received local proclamations from City of Sonora for the Washington Fire. No requests for assistance at this time.
- Continued discussions with all Operational Areas to determine timing of Public Disaster Assistance. Focus on Plumas County to obtain Cat C-G Permanent work followed by other Counties where fires are still active.
 - One team in the field today assisting Plumas County with Assessments.
 - One additional team requested to assist and complete Assessments Monday, August 30, 2021.

Watershed/Debris Flow Task Force (WSTF)

- Dixie Fire
 - First WSTF all hands call for Dixie slated for next week August 31, 2021.
 - Burned Area Emergency Response team continuing to categorize and validate Values at Risk along the Southwest corner of the fire.
 - BAER team has completed Phase 1 Soil Burn Severity and USGS Post-Fire Debris Flow Hazard Modeling.
 - 15-minute: 31 mm/h, or 0.30 inches in 15 minutes, RI = 0.7 years.
 - 30-minute: 24 mm/h, or 0.50 inches in 30 minutes, RI = 1.1 years.
 - 60-minute: 22 mm/h, or 0.90 inches in 60 minutes, RI = 3.0 years.
 - MRT Requested for CCC to deploy one crew to implement emergency protection measures within the town of Greenville. Deployment slated for September 7, 2021.
 - MRT requested for DWR to deploy two flood fighting specialists to identify placement of emergency protective measures on cleared DTSC parcels within the town of Greenville. Deployment slated for September 3, 2021.
 - MRT Request for DGS to supply materials and equipment.

- Tamarack Fire
 - Continuing to coordinate with Alpine County Public Works, Department of Water Resources, and National Weather Service for the implementation of a rain gauge in Markleeville.
 - Implementation to occur within the next two weeks.
 - Cal OES to meet with NWS and Alpine County to assess best locations for rain gauge as well as build Alpine Counties capacity for the maintenance of the equipment.
 - Continuing coordination with the United States Forest Services to expedite permitting to allow treatment of the Markleeville Water Company's Watershed, the Musser, and Jarvis Creek.
 - Site visit with Markleeville Water Company tentatively scheduled for Monday, August 30, 2021. The purpose of the site visit is to gather geospatial data to map the water companies proposed BMP treatments on the Musser and Jarvis Watershed. At the request of the BAER team, this mapping needs to occur to expedite the permitting and NEPA process which would allow for treatments on private property on USFS land.
- Cache Fire
 - Mission Resource Tasking requested for DWR to deploy one flood fighting specialist to identify placement of emergency protective measures in Clearlake near Cache Creek. Deployment slated for September 1, 2021.
 - 156 vehicles and 137 structures have burned, 57 of which are residences. These burned vehicles and structures are near Cache Creek; therefore, erosion control Best Management Practices must be placed, or a berm must be constructed, to protect the waterway from toxic runoff from the burn area. This area is particularly sensitive as Cache Creek flows directly into Clearlake.
 - MRT requested for CCC to deploy one crew to implement emergency protection measures within the town of Clearlake, tentatively scheduled to be on site September 3, 2021, and September 4, 2021, for placement of BMPs and/or construction of a berm.
 - MRT requested for DGS to provide the materials and equipment for the aforementioned MRTs.
- Caldor Fire
 - Preliminary analysis of potential watershed impacts identified the American River South Fork and Cosumnes River watersheds fall within the burn scar.
 - Cosumnes River Watershed - Of particular concern is the potential for toxic runoff from the Grizzly Flat area (est. 300-350 residential structures burned) into the waterway. This watershed flows to the San Joaquin River, then the Sac-San Joaquin Delta.
 - American River South Fork Watershed - Post fire runoff and sedimentation have the potential to negatively impact the various areas of beneficial use, including municipal and domestic supply, irrigation, stock watering, recreational use, warm and cold freshwater habitat, spawning, and wildlife habitat.
 - USFS anticipates deployment of a BAER Team to the Caldor Fire burn scar when conditions permit.
